### CAREER OBJECTIVE

As a student of San Diego State University, majoring in Graphic Design, with a minor in Women's Studies I intend to further my knowledge and kick-start my career by landing an entry level position in the design field. I am looking for an internship for the months of May through August of this year, 2023. My goal is to contribute to the growth of the company I work for, while making lasting connections and gaining real world experience.

### SKILLS

### FREELANCE GRAPHIC DESIGN EXPERIENCE

#### The Law Office of Angela Zinn

*June 2022- Present*

I completed a full rebrand of the company, including the design of the logo, website, and business cards. I organized and conducted a photo shoot for marketing content. I also designed and painted a mural on the exterior of the company's building.

#### Zinn Soccer

*August, 2022*

By working with the client to understand their aspirations and intentions for their company, I was able to design a logo to be used on T-shirts, web, and print content.

#### Monarch Mediation

*2020*

I designed the company's logo, and created promotional and informational fliers.

#### State Street Coffee House

*2015-2018*

This was a small family run coffee shop that I managed. I had daily managerial duties, but I also oversaw the marketing, media, and design. I gained hands on experience designing menus, promotional content, and merchandise.
